Delivery and pick up times are often out of the range of normal delivery hours, make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the show, also plan for the return shipment.

Estimating Material Handling Charges

Handling charges are based on the weight of the freight. Shipments are billed by the hundred weight and rounded up to the nearest hundred. Minimum per shipment may apply, see enclosed Material Handling/Drayage Order Form for details. Please prepay all shipping charges - GES cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on separate bills of lading with separate weight tickets - otherwise GES will invoice the entire load at the Uncrated rate.

- Crated - Material that is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- Uncrated - Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.
- Special Handling - Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts.
- Overtime Surcharges - Shows that move-in or move-out on weekends or after 5:00 PM during the weekday, may be subject to additional overtime surcharges. See enclosed Material Handling/Drayage Order Form for details.

Late Surcharges - May be charged an additional overtime surcharge

- If advance freight is received before or after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling/Drayage Order Form for details.
- Freight shipments sent to the show after it has opened.
- Freight shipments that are received at showsite that do not meet their published date and time.
- Shipment Surcharges - A surcharge will be incurred per shipment for those that are received with incomplete information on shipping labels identifying company name and booth number and/or shipments that are left on the show floor at the end of the show with no labels and no bill of lading turned in.

Machinery Labor and Equipment

Labor and equipment for uncrating, unskidding, positioning, leveling, dismantling, recrating, and reskidding machinery and/or equipment must be ordered separately. Place your order for this labor using the Forklift Labor Order Form. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

Storing Empty Containers

Properly labeled empty shipping cartons will be picked up, stored, and returned after the show. Labels are available at the GES Servicenter[®] or from your GES Service Executive and are for empty storage only. Depending on the size of the show, it can take from two to twelve hours to return empty crates. Do not store any items in crates marked "empty." GES has no liability for damage to crates or items sent to empty storage in crates.

Outgoing Shipments

An OMHF (Outbound Material Handling Form / Bill of Lading) must accompany all outgoing shipments. Shipping information, outbound forms and labels will be available at the GES Servicenter[®]. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display and product.
